

## 6<sup>th</sup> Rhineland RNA Club – 1<sup>st</sup> August 2024

@DZNE Bonn, Auditorium, from 9:30 am

**Andrea Rentmeister** (*Invited Speaker*; LMU Munich)  
Investigating and controlling mRNA by chemical tools

**Riccardo Pecori** (*Invited Speaker*; HI-TRON Mainz, DKFZ Heidelberg) Harnessing the Power of RNA Targeting: From Diagnostic Tools to Cancer Immunotherapy

**Anna Antoniou** (Antoniou Lab, UKB/DZNE Bonn)  
Mechanisms for neuronal microRNA secretion and its role in synapse formation

**Jason Müller** (Tresch Lab, University of Cologne)  
Resolving the mRNA Life Cycle across Cell Compartments

**Marta Zaninello** (Rugarli Lab, University of Cologne)  
CLUH maintains functional mitochondria and translation in motoneuronal axons and prevents peripheral neuropathy

**LEXOGEN**  
The RNA Experts
